

The Motorist 25th July 2024

22 members and guests came along on the visit to The Motorist, an automotive venue comprising a classic vehicle garage and bodyshop, showroom and hospitality facilities.

As you would imagine, this visit was popular with car enthusiasts and we were shown around the workshops with cars varying from a Morris Minor to an Alfa Romeo undergoing updates and mechanical rebuilds. The bodyshop had various cars at different stages of repair, restoration and re-sprays including a Rolls Royce, a BMW 3 series coupe, a Fiat 500, a 1970s Vauxhall and an Alvis.

The Society is very thankful to the Motorist for arranging this visit and providing a first-rate buffet to round off the visit.
